Texting While driving?

Karishma's proposed House Bill 1127 is an enhanced penalty. It does not ban the use of handheld electronic devices, but instead it enhances the penalty for teenagers from ages 15-17 (if they are using handheld electronic devices while driving) that receive a citation for a traffic violation in the state of Florida. If a teenager is being cited for a violation, he/she will be charged additional \$50 fine and one point assessment on his/her driver's license.
