

horoscope

February As Stars foretell :- By Pt. Ashok K. Tewari

ARIES: Mar 20th - Apr 19th

Charged mentally, you will remain energetic from the very beginning. End of the month starts with romance. Use caution when driving. It is time to get your act together and get to work. You are being

pulled in different directions between matters of self, health or work. You may also be toying with the idea of a new look for the office. You may find time to give yourself a 'break' and go on a short trip indulging in some game or the other or may even while away your time doing nothing. Do not get disappointed in case the program is cancelled.

TAURUS: Apr 20th - May 20th

Changes are taking place towards betterment. You may plunge in with a bang. Loose ends of planning have to be tied. Shake off the tendency to take a break lest your mechanism get rusty. Health is good. Your sweetheart needs much more attention. Tackle your children tactfully. Avoid being overambitious. Use soothing and sweet language.

GEMINI: May 21st - Jun 20th

Considerable energy and time will be spent on planning. Your productive time will be spent on coordinating difficult urgent tasks. Eventually you shall be

able to manage smoothly, shining on the personal front. Household matters will be expertly handled as you take reins of responsibility in your hands. It is time to tend to spiritual or religious matters. Property issues may disturb you. Money from an unexpected source is likely to raise your spirits. Returns from investments will be encouraging. No time for romance. Keep yourself fit by regular walks and exercises.

CANCER: Jun 21st - Jul 22nd

This period finds you to be receptive and dynamic. You may enter into a new partnership. Need to keep yourself in good shape. If romantically thinking about

someone, be aware that his/her feelings are genuine. In the matters of finance in general and bank balance in specific, you may find lots of money flowing towards various directions which could be EMI/repayment of loans, legal charges or medical bills on account

of elderly family members. have confidence in the divine scheme of things and soon you shall tide over these temporary challenges.

LEO: Jul 23rd - Aug 22nd

You are likely to accomplish all that you set out to achieve this year. find balance in your own life. Seeker in you is ready to align with higher levels of awareness.

Your heart is in the right place and energy is directed in the right direction. In the process you are moving towards your own inner transformation and developing excellent skills which you will use to better your life. As you help others, you find balance in your own life and, as a result, achieve prosperity and success in all areas of your life.

VIRGO: Aug 23rd - Sep 22nd

Avoid tendencies to skip your work. This month you seem to be too involved in romantic fantasies. You are likely to be inundated with a lot of fresh ideas. Do not lose them. Think with your mind and not heart. You need to maintain your cool in the face of trying circumstances. Professional and personal concerns will need your attention, and any impatience or carelessness on your part can prove to be costly. It is best to avoid litigation and controversies as far as possible as some sort of embarrassment along these lines is foreseen.

LIBRA: Sep 23rd - Oct 22nd

Display of slightly better picture. Hurdles are beginning to dissolve away. An influential friend is getting drawn into your family, may seriously work on going abroad. Resolve inner

conflict. You may even buy a new vehicle. All kinds of money-related matters will continue to absorb your attention and make you work in this direction.

SCORPIO: Oct 23rd - Nov 21st

You seem to be moving in some new directions. Adopt tact and diplomacy. Hard work leaves to high performance. Overall things will move in the right directions.

Life at home is great and vibrant. You have excellent relations with all the members of the family, giving and taking love, care, affection and understanding.

SAGITTARIUS: Nov 22nd - Dec 21st

Constantly exploring both within and without, looking out for a shift of job, well rewarded with gains which are the direct result of self efforts, you must also

remember to pay attention to your love life. More than the physical problems, the emotional factors, if not checked, may wreck havoc on your health. Take care through meditation, stress management and relaxation exercises.

CAPRICORN: Dec 22nd - Jan 19th

You will shine brightly in all spheres of life as you move towards the path of prayer, religion and spirituality, brightening both home and work place. Do not neglect your health. Disposal of an immovable asset or inherited property can give you surplus funds this year. You should take care to park it in safe ventures and not just squander it away.

AQUARIUS: Jan 20th - Feb 18th

There is a lot of activity seen for this month, in the world of friends and group activities. You will take the initiative with all the matters of earning and expenses. If you want to spend, earn first. Be flexible and polite. Listen to everybody when handling family property. Extremely magnetic, the opposite sex is appreciating your unique and straightforward style. The creative and dynamic energy around you is hard to resist or ignore. There shall be improvement in financial position.

PISCES: Feb 19th - Mar 19th

You are kind, sympathetic and concerned about people. You have tender love for every living creature and overflowing understanding for all. You are imaginative, poetic and even psychic. You love beauty and are a dreamer. You are creative and artistic. Like water you are fluid, nebulous and inconsistent. Also you may be too soft, too compassionate, and give in to unreasonable request and unjustifiable demands.
