

Star Lite Star Brite Horoscope

Zodiac of the Month

Gemini: May 21st - Jun 20th Ruled by Mercury; Gemstone: Emerald; Lucky Day: Wednesday; Lucky Number: 5
 With the Sun in Gemini, the urge for self-expression is strong. These natives are often just as interested in collecting information as they are in sharing it. Curious to a fault, Geminis have a finger in every pie and are flexible and changeable people. Their ability to adapt quickly to new situations generally gains them plenty of friends and social contacts. Usually quite clever and witty, Geminis enjoy intellectual conversations and they are easily bored if they are not getting enough mental stimulation. It can be difficult to know what Gemini really feels at any given moment. They are often very impressionable and scattered. There is usually a nervous air to Geminis that can make people a little uneasy. **Your Horoscope:** You are making big impressions this month. It's a strong month for personal plans and feeling quite energized. While you're giving off mixed signals and creating some misunderstandings until the 19th, you'll be communicating with special ease and appeal for the remainder of the month. Around the 18th, a partner needs extra attention, and the 23rd is strong for strengthening or attracting relationships. Communicating with friends and networking figure strongly this month. Fate is in your hands, particularly in June. You have the power to make things happen on your terms.

Aries: Mar 20th - Apr 19th
 Ruled by Mars; Gemstone: Red Coral; Lucky Day: Tuesday
 Lucky Number: 9

A busy and exciting month is in store for you. You're juggling, but perhaps have too many balls in the air. You are especially chatty and very busy with errands and appointments for the first three weeks of the month, before life calms down a tad. The 3rd-8th is an excellent period for personal relationships, learning, and communications. Play and recreation appeal, and so does romance which is especially heated this month.

Taurus: Apr 20th - May 20th
 Ruled by Venus; Gemstone: Diamond; Lucky Day: Friday;
 Lucky Number: 6

Increased energy for tackling major projects around the home figures strongly in June. So do finances, which can be a little tricky until after the 19th. If you are sitting on the fence about a purchase or investment, stay there until the last week of the month when financial thinking is clearer. Career matters are likely to manifest mid-month, as well as somewhat of a face-off with a significant other, probably about money. Overall, however, June is mostly stable.

Cancer: Jun 21st - Jul 22nd
 Ruled by the Moon; Gemstone: Pearl; Lucky Day: Monday;
 Lucky Number: 2

You are strongly motivated to increase your personal income flow this month, and that extra effort is likely to meet with success. While the first three weeks of June are largely devoted to introspection and some level of emotional retreat, you begin to feel more in control of your life by the last week. Your powers of attraction are especially strong from the 18th forward. Partnerships are absorbing and rewarding from 21st-25th.

Leo: Jul 23rd - Aug 22nd
 Ruled by the Sun; Gemstone: Ruby;
 Lucky Day: Sunday; Lucky Number: 1

Plenty of energy is at your disposal this month, but the question will be where to direct it. Friendships, group activities, and personal aspirations take center stage for you in June. Tricky matters with friends and lovers are also on the cards. Don't let misunderstandings get in the way of pleasure. This is a strong period for taking independent action and making things happen. The

3rd-11th is an excellent period for prosperity and enjoyment.

Virgo: Aug 23rd - Sep 22nd
 Ruled by Mercury; Gemstone: Emerald; Lucky Day: Wednesday;
 Lucky Number: 5

Much of your time and attention is devoted to career initiatives this month. Going over past mistakes professionally, and dealing with a few misunderstandings personally, figures until after the 19th, when delays lift. Professional projects begin to move forward. It's not the most energetic of months, and you could be dealing with some minor romantic snags. Social engagements and romance are more likely to be found through work.

Libra: Sep 23rd - Oct 22nd
 Ruled by Venus; Gemstone: Diamond; Lucky Day: Friday
 Lucky Number: 6

You are working hard to achieve your goals this month, not only material but also spiritual. A partner could be expressing more independence as well. Single Libras might find a partner through a friend or group activity, particularly from the 5th-8th. After the 19th, delays with education or travel plans lift, and career matters assume more prominence in your life. It's a strong period for cutting a deal or acquiring fringe benefits.

Scorpio: Oct 23rd - Nov 21st
 Ruled by Mars and Pluto;
 Gemstone: Red Coral; Lucky Day: Tuesday; Lucky Number: 9

June continues to be a strong period for work and career. You could receive public recognition for the work you do now. If you aren't your own boss, you would very much love to be, and this attitude could cause some friction with superiors. It's a strong period for getting rid of excess in your life, whether it's physical or spiritual baggage. The 18th-20th could bring some touchy matters to the surface, likely financial. Those looking for a job could find one now.

Sagittarius: Nov 22nd - Dec 21st
 Ruled by Jupiter; Gemstone: Yellow Sapphire; Lucky Day: Thursday; Lucky Number: 3

June is an expressive month for you and satisfying your itch for change and adventure seems like a good idea. Tricky matters with finances and partnerships need to be handled. Relationships become easier to manage after the 19th. It's not a

month in which asserting your will or pushing your agenda will get you very far. Recognizing the needs of others in your life is more important now. The Full Moon on the 18th occurs in your sign, and you could surprise others (and even yourself) with an emotional outpouring or proclamation.

Capricorn: Dec 22nd - Jan 19th
 Ruled by Saturn; Gemstone: Blue Sapphire; Lucky Day: Saturday
 Lucky Number: 8

Getting down to business, handling the details of daily existence, and focusing on improvement figure strongly in June. Your attitudes towards what makes you feel secure are changing. From the 18th forward, relationships and compromise take center stage in your life. Personal plans regain momentum, and work snags ease in the last two weeks of the month. Best days for opportunities are the 10th and 20th-24th.

Aquarius: Jan 20th - Feb 18th
 Ruled by Saturn and Uranus;
 Gemstone: Blue Sapphire; Lucky Day: Saturday; Lucky Number: 8

A strong need for recreation and pleasure takes hold this month and taking in plays, movies, dinner, and romantic activities are featured. Your energy levels are on the low side, so when work becomes a more pressing concern after the 20th, you might feel a little out of focus. Plenty of conversations with a partner take place, sometimes heated ones. Finish up the details of personal projects and plans before the 26th for maximum success.

Pisces: Feb 19th - Mar 19th
 Ruled by Jupiter & Neptune;
 Gemstone: Yellow Sapphire; Lucky Day: Thursday; Lucky Number: 3

Work is busy and challenging in June, while your heart is with your home and family. You are more able to increase your income this month by performing tasks that others dislike doing. Career demands peak on the 18th, and then ease considerably. The question of friendship and acceptance for who you are crops up with a close partner. Your powers of attraction increase significantly after the 18th, and a more pleasurable and flowing cycle begins; perhaps with the exception of the 20th-21st, when money concerns and other stresses grab hold.
